Q12) Further comments

We were very encouraged again by the positive comments which included:

“One of the most robust sources of information.”

“It is a valued tool for use in countries such as South Africa where palliative care is limited. Thanks.”

“An excellent resource from a nursing point of view.”

“I recommend this site and the literature (pdfs) to every colleague.”

“It's my go to resource.”

Thank you to those members who have made suggestions on how we could improve. Please continue to send your suggestions to hq@palliatedrugs.com.
